

Scapa 3372

Uncoated Cotton Cloth Tape

DESCRIPTION

Scapa 3372 is an uncoated cotton cloth tape with a rubber based pressure sensitive adhesive. Scapa 3372 is available in natural only.

APPLICATIONS

- General purpose applications such as bundling, packaging, masking and identification.
- General protection of polished surfaces and machined parts against corrosion and damage.

PRODUCT BENEFITS

- Excellent initial tack and ultimate adhesion.
- Good unwind properties.
- Easy tear by hand.
- Very conformable and flexible.
- Abrasion resistant.
- Corrosion resistant.

TECHNICAL PROPERTIES

Technical Property	Nominal Value	Unit	Test Method
Adhesion to Steel	2.8	N/cm	AFERA 5001
Service Temperature	70	°C	-
Tensile Strength	90	N/cm	AFERA 5004
Thickness	0.26	mm	AFERA 5006

STANDARD PRESENTATIONS

Note:

Particularly suitable for converting from log format

RECOMMENDATIONS

The rolls should be stored flat on their cut edges in the original packaging, until required for use. The product must be protected from dust, heat, moisture, direct sunlight and solvent fumes. Surfaces should be clean, dry and free from dusty, grease or other contaminants. Service life will vary with conditions of use and is affected by climate environment, but it is recommended that the product should be used within 6 months of date of manufacture, if stored in a moderate climate and good conditions.
